

DISTRICT RALLY GUEST SPEAKER

MR. SETH CAMPBELL PA-C, MSPAS

Seth Campbell is a physician assistant who works for the Lehigh Valley Health Network Street Medicine Program.

Seth completed a Bachelors in Medical Studies and subsequently a Master's in Physician Assistant Studies at DeSales University. While in his graduate studies, Seth gained an understanding and appreciation for medical care in the homeless community during a five week rotation with Brett Feldman and the Street Medicine team. After graduating in 2015, he started his career with LVHN at the Moselem Springs Express Care. Also during this time, Seth remained an active volunteer with the Street Medicine Program. In November of 2016, he accepted a per diem position and then in March of 2018, a full-time position with the program seeing patients in clinics, on the streets, and in the hospital, as a part of the consult service. Seth's original interest as a student led to a passion in homeless health care as a part of the LVHN Street Medicine Program.
