

## Journey for Sight Walk - February 17, 2024 Cabinet Meeting Report

Dear District 14-K Lion's, Lioness Lions, and Leo's,

We're looking forward to more involvement from the clubs in our district for this walk. Our date for 2024 is May 4th. An outdoor venue has been secured at the Hanover Township Community Center located at 3660 Jacksonville Rd, Bethlehem 18017. Hope for good weather. Registration will be at 9:30 with the walk beginning at 10.

Pennsylvania Lions Sight Conservation and Eye Research Foundation is our charity for 2024. As we hope to gain support from the public so the request is for 70/30% contribution from the clubs. Any public participation will be at 100%

We would love for each Club to be able to provide an item or gift card for our raffle at the walk. If your Club is unable to walk or send a donation it will be a way that you can contribute. Reach out to me in April to obtain your raffle donation item or to hear from you on your club members participation. I can accept them any time or at the April 27th Convention.

We're looking for assistance in promoting this walk, as in any successful event, teamwork makes the difference. If you would like to become a part of the Journey For Sight Walk committee please let us know. Wherever possible we hold meetings via Zoom or at other events. Please share this request with your club members as this may be something that will be of interest for someone looking for some other way to serve.

Please let us know how you feel that your club can participate in this walk.
