Global Leadership

Our Lion's year was filled with a great deal of unknowns. Our District struggles to engage members into leadership positions. It is a struggle we have had for the past couple of years. We are fortunate to have PDG Dan Lombardo willing to step back into the role of District Governor for our next Lion's year. Please speak to any of the PDGs to get information on moving forward with leadership at a chair position on the cabinet, a zone chair person, a global membership leader or a Vice District Governor. Training is available for all of these leadership roles and you have support from the PDGs in our district.

Club officer and zone chair training will be taking place in June so please watch for the emails for these events. The training will take place in evening sessions and you will be asked to bring along a laptop or tablet to answer any questions with the lions portal as well.

I will also be contacting the state police to have an information session on non-profit fundraising to ensure we are abiding within the small games of chance regulations. Please watch for this date later in May or in June. Let's make next year a great year!

Leader Dog for the Blind

Leader Dog has their own breeding program and owns their mom and dad dogs. All are chosen for their superior physical and temperamental traits, which they can pass on to their puppies. Puppies stay with their moms until they are 7 or 8 weeks old. At that time, they go to puppy raisers, who teach them obedience, encourage good house manners, and expose them to social situations and environments. After a year, the dogs are returned to Leader Dog for four months of intense training. They learn how to navigate curbs, how to avoid obstacles, and how to find doors. Once they pass this training, it is time to match them with a human. The person who wants a dog has to supply Leader Dog with a video of themselves walking to demonstrate their gate and show that they can navigate intersections. They answer questions that help Leader Dog find the perfect dog for them. The pair undergo three weeks of training at

the Leader Dog facility before they leave to start a new life together. Leader Dog typically makes 100 matches per year. Leader Dog was founded by Lions and our donations as well as the grants they receive allow them to provide guide dogs to the blind and visually impaired at no cost. Please consider a personal or club donation to Leader Dog. If you are interested, you or your club can sponsor a Leader Dog puppy for \$500. I have information on how to do that if you are interested.

Leader Dog Facts:

Leader Dog has served 872 clients historically in Pennsylvania. This includes 825 Guide Dog teams, 48 Orientation and Mobility clients (white cane), and 3 Teen Summer Campers.

-This equates to over \$82 million in Leader Dog services provided to Pennsylvania residents at absolutely not cost to them or the state.

-Lifetime Giving for Lions in the state of Pennsylvania is \$8,464,929.36!

-Our district has donated \$6,397.50 to date this Lions year.

Thank you for your donations to Leader Dog for the Blind.

District Governor's Message

DG Scott Lohman Saucon Valley Lions Club

Greetings Lions, Lioness Lions and Leos,

It's been an exciting final quarter of our Lions year. We had a successful District Convention to begin April with just under 150 Lions, Leos, & guests attending. Then on the last Saturday in April we sponsored the annual Journey for Sight walk in Center Valley. Pictures for both events can be found in this edition of our Tattle Tailer.

May began with the PA Lions State Convention & Council Meeting, held in Scranton this year. International President Fabricio Oliveira was the keynote speaker. Saturday morning IP Fabricio met with all the PA Lions Governors to discuss goals for the remaining months. During the meeting he challenged us to bring in one new member per club to approach our goal towards Mission 1.5. Saturday night I had the privilege of "pinning" our incoming Governor for the 2025-26 Lions year, PDG Dan "Thor" Lombardo. On Saturday morning, May 17th was Cabinet Meeting #4. Thank you for all Lions who attended both events in May.

I would like to thank every Lion in Lehigh/Northampton County who supported me during the year and made me feel welcome when I was able to visit your club. Special thanks to my club in believing in and endorsing me for the past 3 years. And also special thanks to my Executive board and all the PDGs who I reached out to when I needed help or advice during the year. Thank you all again.

In Service,
Lion Scott Lohman

Global Extension

Many of our clubs have grown this year which is a testament to the service being performed in our communities. Continue the great work to make our district strong. Consider partnering with another organization to form a branch club with the offer of LCI providing needed insurance for activities in the community.

As we look to how society changes, share new service ideas with your zone and the district. Maybe your club has found a need that other clubs have not

recognized in their immediate community. Let's finish strong this year.

Do things for people not because of who they are or what they do in return, but because of who you are.

A TWISTED TALE

A pastor interrupts his sermon to ask 3 men in the front row:

"What would you want your loved ones to say as they are looking down at you in your coffin?"

Tom says:

"That I was a good husband and father."

Bill says:

"That I lived a good life of kindness to others."

Dan says:

"Look, He's moving!"
